## Square Spine Hardcover Book Printing

Square spine Hardcover Book Printing is an old fashion casebound book binding type. There are 2 options for you. We called it Tight-spine (Tight-Back) and Loose-spine (Loose-Back).

### Square Spine Hardcover Book Printing

Square spine Hardcover Book Printing is an old fashion casebound book binding type. There are 2 options for you. We called it Tight-spine (Tight-Back) and Loose-spine (Loose-Back).

If you look at a book's spine as it's laying on a table, you can see a small space between the book block and the cover spine. The term for this is "loose-back." This style binding make the books easy to open & ready. This is the most popular way we did for our hardcover books. Durable & easy to ready.

With a "tight-back" book, the text block has been glued to the cover spine. This type of book is more durable than a loose-back book, but won't lie flat on a table and not good for size smaller than A5.

If any square spine Hardcover Book Printing needs, feel free to contact us for more details.

### 1.Product Introduction of square spine Architectural Design Hardcover Book Printing

Hardcover book printing with a Square back is a binding option that gives books a rigid spine and a flat appearance when it's closed. The cover has a spine strip made from the same thickness paperboard as the rest of the case boards, (front and back covers) but the

## **6. FAQ of Architectural Design Square Spine Hardcover Book Printing**

### **A. Formatting**

The offset press of Architectural Design Square Spine Hardcover Book Printing request the entire layout and formatting of the inside pages be saved as a PDF file with all fonts and images embedded and saved at 300 dpi resolution.

The inside pages should be created to the finished trim size of the book and saved as one complete PDF file containing all inside pages.

Add blank pages wherever you feel is appropriate to end up with an (even) number of pages.

The outside cover artwork like foil stamping, embossing, debossing, silk screen printing, files can be send to us separately.

Extend an .125 inch bleed all around the perimeter of the composed book cover.

### **B. What is the turnaround time on my order Architectural Design Square Spine Hardcover Book Printing?**

Short run digital Architectural Design Square Spine Hardcover Book Printing is typically ready in 1-3 days after E-proof confirmation.

Architectural Design Square Spine Hardcover Book Printing prototype with sewn will need around 1 week due to the long time setting of the machines. More days needed if you want special finishing like foil or embossing on the covers.

Large run offset Architectural Design Square Spine Hardcover Book Printing (generally orders over 1000 units) usually take 2-3 weeks upon the sample approved.

The bulk order turnaround time will depends on the complexity of our Hardcover Book Printing with round spine project.

Turnaround is always Negotiable.

### **C. Why the costing need so long of Architectural Design Square Spine Hardcover Book Printing?**

Because of the complexity of our pricing system, it is impossible to calculate the cost of books instantly. Welcome your emails with the books specs, and we generally get back to you within 48 hours.

### **D. It is my first time having a Architectural Design Square Spine Hardcover Book Printing, What do you suggest to ensure a successful result?**

It is vital to proof read your manuscript to make certain that grammar, spelling, artwork and all other aspects of your document are perfect - just as you wish to see them in the final printed version. We do our best to catch or avoid obvious errors, but it is up to you to ensure that the material that you provide to us matches your vision. We strongly suggest that you make certain that you follow our file specifications document. By paying close
